

# BNAS 2018

## 2<sup>nd</sup> International Conference on Bioethics in the New Age of Science

10-11 May, 2018 ↪ Szeged, Hungary

The 2<sup>nd</sup> International Conference on Bioethics in the New Age of Science will explore ethical and legal problems in bioethics in the context of the challenges generated by the scientific discoveries of the 21<sup>st</sup> century. The aim of the conference is to facilitate the multidisciplinary approach of bioethics by uniting specialists from bioethics and its connected fields through the main topics of the conference:

*Bioethics & Law; Ethical Aspects in Research &  
Medical Ethics; Biomedical Technology;  
Bioethics Education; Bioethics Committees.*
